Payments and contributions

It is your responsibility to arrange contributions and payment to arrive in time as set out in the website.

For a member's contribution of £5/month, share 22 main lotto tickets in a single draw + 2 main lotto tickets every Wednesday and Saturday draw

For £10/month, you should join 2 different syndicate groups thus you will share 44 main lotto tickets in a single draw + 4 main lotto tickets every Wednesday and Saturday draw. The same principle would apply to further increase in your contribution.

The maximum amount you can contribute is £25.

Each payment you make should be by direct debit or debit card, PayPal, or cheque from UK banks to guide2lotto limited company. We may accept other form of payments in our discretion provided it will not incur any additional cost to us or any additional cost will be on you.

Once payment is received, we will include your contribution as time permits on the following month.

Ticket Purchase

UK-lottersyndicate will buy tickets randomly and play it in two ways.

For £5.00/month;

First, we would buy 22 in one Saturday main lotto draw at the middle of the month or in its rollover whichever comes first.

Second, we would buy 2 tickets each on a Wednesday and Saturday main lotto draw.

Winnings

Prizes will be shared as follows:

First, we will allocate the winnings on Group Shares

For a winning ticket, 80% of the prize will be allocated to the group who owns the winning ticket. The other 20% of the prize will be shared equally by all groups.

Second, Member's shares

You will be entitled to a 10% share of the winnings of the group/groups that you belong with.

Payment

You will get paid via online banking once your winnings reach at least £20 or when you ask for it but only when all the tickets had been played already.

Your payment through your earnings will also be through bank to bank online once your earning has reached at least £20.

Any other mode of payment will be under the discretion of the Guide2lotto ltd.

Any charges in payment will be charged/deducted to the member.

Winnings of or over £1,000 will require further proof of identity. We may also ask for further identification if we are in doubt.

Payment will be made once the winning ticket prize had been paid by Camelot LTD.

To act as deterrent to people who might ask more than what is stated in "Winnings" and "Liabilities" and can cause disruption to other members, a member who ask for more than what was stated under "Winnings" or "Liabilities" will forfeit and lose all his winnings. We welcome queries but not attempts to gain more than what a member is due.

In the event of big winnings

Any information you have given to UK-Lottersyndicate will be treated with utmost confidentiality.

It is up to the individual concerned if he wants to go public but UK-lottersyndicate and its manager/administrator would not be responsible if other people managed to identify a member through the website or his association to the syndicate.

It is however the discretion of UK-lottersyndicate if the company would go public or not.

Withdrawals of contribution prior to draw

This will be under the manager's discretion. We know that finances could be tough. If anyone would like any withdrawal of contribution, he should do so in writing (and update us with email quickly). The member should shoulder the cost of any transfer of contributions. Withdrawal is deemed completed once transfer of contribution initiated.

Withdrawal could only be allowed when draws for the ticket have not yet been done and given sufficient time. You would be allowed a maximum of 2 withdrawals per year.

Liabilities

Members will not hold the manager responsible and/or liable for mistakes which could have been avoided provided that he has acted honestly and reasonably.

It is your responsibility to abide by the laws in your country that can affect your ability to play. You agree to update yourself with this document at regular intervals as we may revise the Terms and Conditions at any time.

It is your responsibility to inform the manager if your designated membership code does not include the first 2 letters of your First name and the First letter of your surname. This may mean that the tickets sent to you were for someone else's.

Any activity by non-eligible member will be declared void and Guide2lotto limited company will become the sole property owner of the winnings.

We would exercise transparency by posting the tickets on our website or sending email for members to view. We will not be liable if one or more tickets have been mistakenly allocated to two or more group or members. In such circumstances the allocated winnings will be shared by the two or more groups or members in respect only to the ticket shared. For example, if a ticket wins and it was mistakenly shared with 2 groups, the members of the two groups will get 5% share of the allocated prize and so forth. The same proportionate principle will also apply if 1 or 2 more members have been mistakenly included in a group.

We will reimburse the group/members proportionately of the ticket amount that have not been played.

If for whatever reason we were unable to buy tickets, we will not be held liable. You will have a choice however to ask for the unplayed ticket's equivalent purchase amount to be reimbursed proportionately to the groups or members affected.

Any payments mistakenly credited to your account remain the manager's property.
